

BOYS BLUE TEAM SONGS 1966

Fight Song

(Tune:- Washington and Lee Swing)

We are the Batmen, racing out to show  
That we can beat and slaughter any foe  
Disguised in Blue we form a mighty band  
To show the Robins that we hold the upper  
hand  
So come on Blue team, victory is nigh  
And with our bright bat-signal in the sky  
We'll keep on charging till the Redmen die  
Fly, Bat, Fly

Batmen, gather our attack  
There is nothing that we lack  
We've got the spirit, courage, and the pride  
To form a force that mankind never will  
divide  
So Sag'naw listen fast to our decree  
We will make sawdust of our enemy  
The mighty Blue will roll to victory  
Batmen win.

FIGHT BLUE! ! !

Cheer - Friendship Song

(Tune:- Side By Side)

Listen everyone to our story  
That rose the Batmen to glory  
From the opening day  
All of the way  
Blue's on top

The Red thought they were the greatest  
But now we'll tell you the latest  
The Batmen came through, Really it's true  
Blue's on top

Through all kinds of contests  
Robins gave their all  
But competing 'gainst the Batmen  
It really really really didn't matter at all  
It really really really didn't matter at all

But in closing it's our intention  
To focus all our attention  
On reviving new  
Our friendships so true  
Red and Blue

Alma Mater

(Tune:- The Lost Chord)

As the mist slowly rises  
A wondrous sight comds to view  
And the leaves reflect the sunlight  
Moist from the morning dew  
I raise my eyes to the hilltops  
Their slopes covered with pines  
We praise thy beauty everlasting,  
Love in our hearts does lie

Sitting around a campfire  
With the friends we have made this year  
We know that through the winter  
Mem'ries of thee hold dear  
We thank thee G-d for creating  
This very precious spot  
We praise thy beauty everlasting,  
Love in our hearts does lie  
In our hearts, Sag'naw, we love you  
Sag'naw.

Cheer-Friendship (Cont'd)

So we offer our friendship sincerely  
And be it understood clearly  
That the Robins and we  
Forever will be  
Side by Side
