Red Alma Mater - Here, There Everywhere

Here, sitting by fire with a friend
Knowing in silence that each understands
Nobody speaks
Of warmth that now fills the night

Light cast upon every friend's face
Showing the feeling that none can express
Devotion unspoken
Ignited with bursts of flame

Reflecting days gone by
In a place of beauty vivid as flames reach
the sky
Serenity is light pervading every mind

Knowing at Sag'naw we find
Friendships unblemished by distance or time
Love and Belonging
At Sag'naw we all do share

The sparks of friendship shared
Just to sit beside a friend and know
she always cares
Memories of the fun and laughter fill the air

Knowing at Sag'naw we find
Friendships unblemished by distance or time
Love and belonging
At Sag'naw we all do share

No Way to Stop It

Red Fight

The Red team has prepared a proclamation
The Robbers have declared a war on law
And as our forces gather on the battle field
We watch the Blue team fall

(repeat) * And there's no way to stop it
Robbers tell Blue team cops it
That the Red carry out their
every threat
They can try to defeat us
But the Blue will not beat us
Now the world will see the
greatest power yet

(chant sing) Our voices raised in chorus
The Blue will bow before us
Who will come out victorious -

R E D

Red Robbers wage their war
throughout the nation
whoever said a life of crime
won't pay
Our crew will claim their spoiled
from the Blue team Cops
We know this is Red's day

Red.¹

Red Cheer - Coach Commin 'in

Here we are on the prowl
if your quick you can see us
this war will be our biggest haul
'cuz the Red team is hot and
the blue team is shot for
the cops have their backs to the wall

With a price on our head
wanted live, wanted dead
But we robbers don't easily scare
'cause we're cunning and we're slick
we'll evade every trick
Oh you better lock your doors and beware

For we've pulled some unusual capers
And we've set the Blue Cops on the run
Even though they were tough competition
Vict'ry's ours at the point of a gun

Al Capone would be proud if he knew of our
victory
And J. Edgar resigned today
Now we've had lots of fun
Now we've had lots of fun
And we hate to sing and run
And we hate to sing and run
But we've got another job in L. A.

Red Friendship: Sweetheart Tree

The vision of friendship at Sag'naw
Alive in each moment we're here.

Harmony untold

As the days unfold

Remains part of our lives through
the year

The dreams of returning still lingers

Long after the summer is fall

an image left behind

of love we can find

In our sharing at Camp Saginaw

Blue Alma Mater

Tune: What Is A Woman

A home for summer
The life we long for
At camp it's wrong for a person
to be all alone

Bonds made in friendship
Till season's ending
Our thoughts are blending as one
every day of the year.

Each day at Sag'naw
We reach out for friendship.
In one brief moment
The summer is over forever.

And in the winter
These dreams we treasure
Each day of pleasure reminds us of friends
At Saginaw

Repeat - Each day at Saginaw
We reach out for friendship
In one brief moment
The summer is over forever

This passing summer
Is gone forever
But still the memory will ever live on
In our hearts.

Theme from Unsinkable Molly Brown

Blue Fight

* A mighty legion of fighting blue
A force to stay on a robbers trail
and with the law at hand
to help protect the land
we can succeed where the Red will Fail

** A wave of crime can not end our reign
Our team is blessed with an iron will
And with a job well done
The Robbers on the run
Red team will shake as we move in for
the kill

Blue Cops have joined in unity
The Blue will fight on the side of law
So hear the mighty cry
Our limit is the sky
We'll win this war (Repeat)
Fight Blue †

* We've just been wrestling with the
Robbers you can see
See how the cops have sent the
Robbers to their knees

** The Red has fallen with one blow from
Blue teams' hand
The camp will learn to heed the
Cry of Blue command

Blue Cheer - Aboard the S. S. Bernard Cohn

One night the robbers came
hoping to clear their name
and steal this color war from blue
but as we clearly have shown you
the law will prevail once again

Say robbers in mask and gun
Let's take the goods and run
But red team beware of our power
You've got good reason to cower
Blue cops are pounding their beat

Red team will soon be in black and white stripes
Blue cops have put the Red Robbers on ice
Now you must change way of evil
and vice
and see the light

Please don't knock the fuzz
You can not win because
Our jails are stronger than iron

Our way is best you surely must see
We'll lock you up and than throw way the key
Ours is a force that you never will stop
So don't ever cross - a Blue Cop.

Turn Around - Blue Friendship

Now the summer
Comes to a closing
And as friends, we must part
Deep inside us
The dream of returning
Is the wish, in every heart
For at Saginaw
Love is a by word
A thought to end each day
dreams to live by
treasured memories when we're
away
For in the winter
The memory warms us
from a cold winter chill
And our promise,
that promise of friendship
remains alive
it always will
Here at Saginaw
There is devotion
A Love - that binds us all
So here's our prayer,
grant this dream
that we return to Saginaw.
