Red Road Runners

Alma Mater - "The Godfather"

This summer camp a vivid memory
in our mind
when we awake we see the
friendship that we find
A guiding light, will show the way
To sun and laughter bringing joy
to us each day

The time we've shared
Glow in our hearts
Through all the day
we'll be apart

The summer dream of love and
beauty always last
Recalling thought of precious
moment in the past
our hearts will yearn, for day to come
When once again at Saginaw we shall be
one

The time we've shared
Glow in our hearts
Through all the day
we'll be apart

But once again we find the
summer to a close
And as we know the friendship
here will always grow
and in the year, we will return
To the love here that we know
will always burn

Red + Blue Friendship

Friendship - "Dulcinea"

Everyone has a dream
In our mind we display it
With warmth and with truth
In our heart
As the winter wind blow
We're reminded of memories
From Saq'naw that keep us apart

Saq'naw Friendship
Never ending
Hearts are filled with love and
Beauty always blending
As the fire places on
A glow of cold
Sounds of laughter
Are together

Now the summer's at end
And the feeling that bind us
Have deepened inside us to stay
But the love we have shared
Will be kindled by each burning
Thought of the day we're away

Saq'naw Friendship
Never ending
Hearts are filled with love and
Beauty always blending
And @ prayer as peaceful living
Last forever
Golden image
Sealed together

Chorus - "Jubilation T. Compose"

We're the team at Saguaro
Whose reputation is hot
Road runner is on our trail
And they are sure to be stopped

Cause we've got cunning power

Chasing red to their fatal doom
Coyote will race ~~to~~ right through

We'll use our skill & power
To knock you road runner dead
Lock your door & hide away
Our team will surge on ahead

Cause we've got, cunning power & spirit
Road runner will hear it
Chasing red to their fatal doom
Coyote will race ~~to~~ right through

With our ammunition & TNT in our
hand
Coyote will hunt the red
And we'll be lord of the land

Cause - we've - got - cunning power
and spirit
Road runner will hear it
Chasing red to their fatal doom

Alma Mater - "Brian's Song"

At Squaw we learn
The meaning of a friend
The summer slowly turns around
to it's sad end
~~The fire~~

The friendships we have made
will linger through the year
The countless memories we have
shared
will fill our eyes with tear

The beauty of our camp is a
dream.
Rolling hill & soft flowing laughter
The sunlight warming each golden
heart
kindled by the thought when
we are apart

With love we now must leave
to meet the winter's chill
But when we leave for home,
once more
return we ~~to~~ will

The beauty of our camp
is a dream
Rolling hill & soft flowing
laughter
The sunlight warming each
golden heart
kindled by the thought when
we are apart

A key unlocks the door
to treasured memories here
The lock is sound in every
And held throughout the ~~year~~ heart
