Fight Song

Blue, strike out to win  
And in the name of right conquer sin  
With our aim of victory  
Great our fame will be  
On fighting Blue Team Saints, forever  
Drive onward for more  
And don't delay till vict'ry is sure  
Make the mighty halo gleam  
Vict'ry for our team  
Fight for the Blue and win  
Go mighty Blue team  
Hit your stride  
Scatter all those poor Red sinners far and wide  
On into battle  
Tall and proud  
Shooting out of heaven from our favorite cloud  
And when we've conquered the Red Team  
Watch us rise  
Halos shining brightly as we fly  
Onward right up to glory  
Blue Team must tell their story  
Blue strike out to win  
And in the name of right conquer sin  
Hail this battle over all  
Fight for Saginaw  
Blue team you're going to win

Alma Mater

Soft whispering pine  
Greet the summer breezes  
In beauty they sway  
And their song is clear  
Eternal and true  
is our love for Saginaw  
We're never away for our hearts are here  
We spend every day with the friends we have made  
Unending in new harmony  
To give of ourselves and take of the beauty is pure ecstasy  
Each wonderful summer has gone its way but echoes a call  
You'll always return  
You'll return to your dear Saginaw  
And when we have come  
To the parting hour  
No words can express  
What we mean to say  
That summer has passed  
But become a treasure  
For another day

Cheer

It's Come,  
It's Come  
JUDGEMENT DAY

Good triumphs over sin (clap, clap)  
The Righteous win  
( Repeat four times )

Free the world from evil and wrong  
Let all people sing our song  
Blue Team Saints are here from on high  
Heed us sinners  
Victory is nigh

(Tune: Dry Bones)  
Now here's our Saints and jury  
And this is the gospel story  
So gather 'round and listen  
As the sinners are changed to Saints  
(cymbals crash)

Harken all ye people  
The question's now on hand  
About the Saints and sinners  
That are scattered O'er the land  
We have the righteous power  
The ~~Lord~~ is on our side  
These truths can't be refuted  
By our rule you must abide  
Sinner, sinner  
Fall in shame  
Step aside  
Run and hide  
Vict'ry's with our name

Listen to the Blue Team's proclamation  
Sit you sinners in anticipation  
We decree that you are through  
Soon the Red will turn to Blue  
(Tune: Sinner Man)  
Oh, Sinner team  
Nowhere to run to  
You've had your day  
Now you have come to  
Judgement at last  
Here's what you must do  
Fall down and pray

(Tune: Halls of Ivy)  
The Red and Blue together  
Now join for all to see  
Our friendly competition  
End in new harmony  
We salute each Red Team member  
Loyal friends we'll ever be  
Our rivalry forgotten  
Saginaw, Hail to Thee
