BLUE ALMA MATER

(Tune: Because you Loved Me)

The bright sun that shined down on me  
 The trees so tall for all to see  
 The lake that sparkles in the night  
 The moon that gives the sky its light  
 For every star there is a dream  
 Though so distant it may seem  
 Saginaw fulfills dreams Always  
 Here we can do anything  
 The summer is in our hands  
 Together we can make these days  
 unforgettable

CHORUS

Through all the laughter and the tears  
 We will hold Saginaw so dear  
 And though the summer is almost through  
 The love inside our heart stays  
 true

Words can't express the way we feel  
 The friendships made here are so real  
 We're everything we are because of  
 Saginaw

These past five days we tried our best  
 Our friendships were put to the test  
 Now Red and Blue will reunite  
 Keeping our spirits shining bright  
 Learning new things here every day  
 New friends we've made along the way

We're grateful for the time we've spent  
 here  
 Wishing we could stay forever  
 Time goes by so fast  
 Our summer home at Saginaw  
 Where special moments last

CHORUS

Through all the laughter and the tears  
 We will hold Saginaw so dear  
 And though the summer is almost through  
 The love inside our heart stays  
 true

Words can't express the way we feel  
 The friendships made here are so real  
 We're everything we are because of  
 Saginaw
